Mount Faber Leisure Group Scores Another Tourism First
with Fresh New Four Seasons Experience

THE JEWEL BOX

Singapore's Iconic Hilltop Destination

Singapore, 1 June 2006 – Mount Faber Leisure Group grabs the tourism limelight yet again as it kicks off an extraordinary four seasons experience up on Mount Faber hill. It emerges fresh from its much talked-about high-profile triumphs – The Sky Symphony Countdown, the Jewel Christmas Light Shows and the bid for the World's Tallest Artificial Christmas Tree last year. Last year, we were awarded Singapore's second most visited tourist attraction climbing from third position from previous year. Our successes has made a jaded public sit up and take notice of Singapore's most innovative and exciting tourism player, and has given the local tourism scene a much-needed shot of dynamic vigour. To add to the excitement generated, the Company reveals another trump card with Singapore's very own creative interpretation of the four seasons up on the hilltop in a tropical country. It is an exhilarating tourism first which challenges the norms and delivers year round excitement for locals and tourists alike.

A Resplendent Hilltop Summer

Summer vacations are not just the exclusive monopoly of temperate regions. At The Jewel Box, Singapore's iconic hilltop destination, a sizzling tropical Summer filled with the promise of chilled cocktails and happy picnics awaits. It's a season of endless excitement, where the balmy air is redolent with the tunes of exotic drumbeats and the smell of fragrant blooms.

THE JEWEL BOX
Singapore's Iconic Hilltop Destination

The Summer experience begins as you enter the vibrant radiance of The Jewel Box. Pots of wildflowers nod in wooden barrows as you step into a cool green glade that bursts with cheery sunflowers and verdant green turf. Colourful cable car cabins dressed in perky flowery blooms resemble a string of garden daisies strung in the sky. The warmth of the season finds life in the friendly service of our vivacious staff. Their casual resort wear is adorned with sunflower accessories and their faces with lively smiles.

As Ms. Susan Teh, CEO of Mount Faber Leisure Group, explains: “The inspiration for the four seasons sprung from our drive to create another tourism first by simulating the four seasons in a tropical country. It will provide an iconic leisure experience that will leave an indelible impression on all who visits The Jewel Box. The changing beauty of the seasons promises something new and refreshing at different times of the year for our guests. This originality in leisure experience is something that Singaporeans can really take pride in as a own local tourism product, and provides a much-needed new excitement to tourists and locals who are able to enjoy four different seasons with four different looks at The Jewel Box”.

Taste the true flavours of Summer with our exciting new food and beverage choices found exclusively at Mount Faber.

Be the First to Enjoy the Four Seasons at The Jewel Box – Singapore's Iconic Hilltop Destination

It is a rhapsody of changing light, music, aromas and colours up at The Jewel Box on Mount Faber as it embraces the wonders and natural magic of the four seasons.

This elemental alchemy is no longer just the sole preserve of temperate climates when we welcome the warmth and effervescence of a tropical **Summer** this June. This is followed by the mellow romance of **Autumn** and its attendant charms of russet gold resplendent within the interiors of The Jewel Box. The year comes to a merry close amidst cosy yuletide toasts and convivial parties as friends and families congregate in festive cheer amidst a **Winter** wonderland of white and blue. From these frosty climes portends the awakening life of the fresh New Year, as this iconic destination blossoms with amber buds in the coming of **Spring**.

This transformation at The Jewel Box will be achieved through the creative execution of interior décor to simulate each season. Seasonal cocktails, cuisine and retail merchandise will capture the flavours of each period, while activities and programmes appropriate for the season will create that unique ambience.
