-how to play-

[What you can do]

This is a pachislot game. Please follow the steps below.

- 1) "BET" the coin.
- 2) "START" to rotate the drum.
- 3) Stop the three drums with "STOP".

Press "STOP" so that the same pattern items are aligned on the upper, middle, lower, diagonally lower, and diagonally upper five lines. In this game, if you align red or green "7" as shown in the figure, it will be "BIG BONUS". In addition, "REGULAR BONUS" is obtained by aligning "7" of different colors only on the right side such as "red red green" "green green red".

During bonus games, coin refunds are special.

One bonus game ends with 8 rounds.

In the case of "BIG BONUS", you can play this bonus game three times in a row.

(If "REPLAY" is completed, it will be a bonus game.)

"REGULAR BONUS", you can play one bonus game.

In this game, there is a special rule of "8" digital items on the right drum. When the left and middle items are the same color "7" (reach), if the right drum stops at this digital item, the "re-draw" function will work. Time out and press "STOP" on the right drum again. If the digital stops at "7", it will be a big hit.

【Method of operation】

For "BET", "START", and "STOP" operations, move the cursor to each location and click. It can also be moved by keyboard operation.
