

POTTY PLAN SONG

Learning how to use the potty?

We know you can!

Just make sure to follow the Potty plan!

First you have to listen when your body says, Go!

Get to the potty, don't move slow!

Wait on the potty and go with the flow.

When you're done, wipe your bottom.

Now you're a potty pro!

Flush the potty and the water goes down.

Wash your hands, move the soap all round!

Rinse and dry, and you're just about through.

That's the potty plan for Abby, Elmo, and you!
