

Welcome to a demonstration of Emmalungas Vario system.

Vario system is a new concept which means that you can choose which fabric, chassis and wheels you want to combine on your pram - a total of 680 combinations.

This interactive presentation also gives you the option of rotating and zooming the models & accessories.

DUO COMBI - VARIO I 3D

If you can't see the object, make sure you have the Cult3D Viewer for Adobe Acrobat!
