3. food colouring (yellow, red, blue, green, etc.)
4. mixing spoon
5. chopstick
6. white paper
7. spatula
8. clothespins and string

1

Fill a cooking tray with shaving cream.

2

Add a few drops of yellow food colouring to the shaving cream.

3

Use a mixing spoon to mix the yellow food colouring into the cream.

4

Add three more drops of yellow food colouring to the shaving cream. Stir the drops with a chopstick so you have three circles.

5

Add three drops of red food colouring around each yellow circle.

6

Use a chopstick to make swirls with the red drops.

7

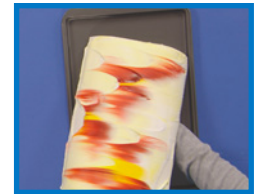

Place a piece of white paper on top of the shaving cream. Gently press along the entire paper with your fingers.

8

Slowly peel back the paper, then place it on a new cooking tray.

9

Use a spatula to scrape the shaving cream off the paper. Look at the neat design! Once you have scraped off all the cream, set the paper aside to dry.

10

While the paper dries, take the first cooking tray filled with shaving cream. Add drops of blue and green food colouring, and swirl the drops with a chopstick. Make any design you like! Repeat steps 7 to 9.

11

The great thing about this craft is you can make tons of different-coloured paper.

**Use different combinations of food colouring. Each piece of coloured paper will be unique!**
