

## Pipe cleaner Animals

### check list:

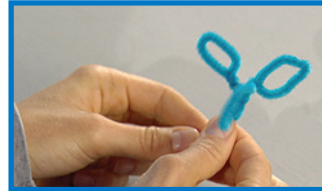

1. a bunch of colourful pipe cleaners

1

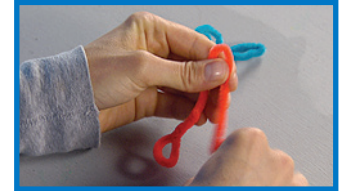

Start by making the ears of the animal. Create one loop at one end of your pipe cleaner and twist; create another loop beside it and twist.

2

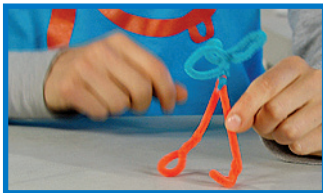

Bend the extra pipe cleaner into the shape of a face.

3

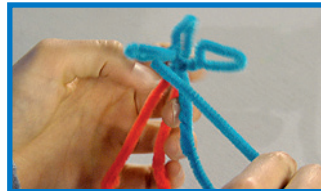

Now take another pipe cleaner, bend it in half, and twist two loops at either end to make feet.

Attach the head to the top of the legs by twisting the two pipe cleaners together.

4

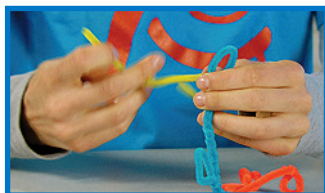

5

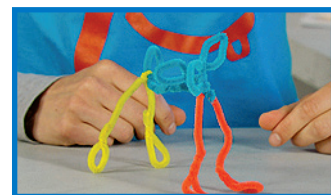

Now take a 3rd pipe cleaner; bend it in half and attach the two ends to the animal's neck by twisting them in place. This will create a big loop that is your animal's body. You can wrap extra pipe cleaner around the loop to make the body stronger.

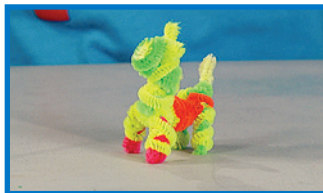

6

Attach more pipe cleaner to the back loop to create the back legs.

Now you know how to make crazy, colourful **Artzooka pipe cleaner creatures!**  
The best part is you don't have to feed them!

Let your imagination go wild, and Artzooka as many pipe cleaner animals as you want!
