

closet Monster Protector

check list:

1. different coloured fabric
2. scissors
3. hanger
4. coloured construction paper
5. craft foam
6. stapler
7. white glue
8. feathers
9. string

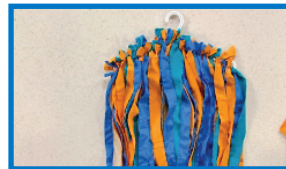

1

Rip strips of fabric of various colours and sizes. Make sure you have a lot!

TIP: You don't need to cut each strip. Instead, just make a small incision with your scissors into the edge of the fabric, and then rip! It's really fast and easy to make strips this way.

2

Tie the strips of fabric to the top and the bottom of the clothes hanger with simple knots. Don't stop until the clothes hanger is completely covered in strips.

3

To make monster arms, begin by cutting four thick strips of construction paper.

4

For the first monster arm, lay two strips in an 'L' shape.

5

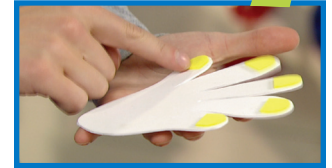

Now, take one of the strips and fold it over the other. Take the second strip and fold it over the first. Then fold the first over the second, etc. Keep folding each strip over the other until you've run out. The monster arm will look like a paper accordion.

7

6

Make the other arm using the same steps.

Cut two hand shapes out of craft foam. You can add colourful fingernails if you like!

8

Glue the hands onto the monster arms.

9

Use a stapler to staple the monster arms to the strips of fabric.

10

Make monster eyeballs by cutting circles out of fun foam. You can add feathers for monster eyelashes if you like! Tape the eyes right on the fabric.

11

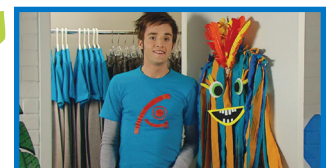

Create a big monster mouth with big monster teeth out of fun foam and tape it right on the fabric!

12

Tie a bunch of really colourful feathers together, and attach them to the monster's head with string.

13

Now it's time to hang your closet monster in your closet!

If you don't see any other monsters in your closet, you know that your Artzooka closet monster has scared them away!
