

## Fishy Friends

### check list:

1. rolling pin or glue stick
2. toothpick
3. straw
4. paint
5. pebbles
6. grape stem
7. dough (see recipe)

### Recipe for dough

- two cups of flour
- one cup of water
- a pinch of salt

Add the ingredients in a bowl and mix well. Store extra dough in the fridge.

**\*This make requires overnight drying time**

1

On a flat surface, use a rolling pin or round glue stick to flatten the dough. Don't make it too thin.

2

Use the side of the toothpick to cut out a fish shape.

3

Carefully peel away the extra dough.

4

Use your fingers to smooth out any rough edges.

5

Carve out a fish mouth with the side of your toothpick.

6

Add a fish eye by rolling up a little ball of dough and pressing it in place.

7

You can add lines to the tail by pressing your toothpick into the dough. This will make it look more like a fish tail.

8

Here's an easy way to create fish scales: Take a straw, cut it on an angle and press the straw onto the dough. It makes perfect fish scales! Make as many scales as you want.

9

Set your fishy friend aside to dry overnight

10

Once your fish is dry, you can paint your fish in bright, fun colours.

Create the bottom of the ocean by pressing a handful of pebbles onto a piece of dough.

11

12

A grape stem will make a great coral reef. Stick the stem into the dough and set aside to dry.

**You can make more underwater creations with your dough. Put them all together, and you have an amazing underwater Artzooka scene!**
