

# Star Jetter

## What You'll Need:

- 8 1/2" x 11" paper or cardstock (we recommend 110-pound paper for best results)
- Scissors, ruler, tape, glue

## How to Make It:

- Print out the pages on regular paper or cardstock.
- Have a grown-up cut out all the pieces (cut on solid lines only).
- Fold along the dashed lines (you can use a ruler to ensure edges are straight).
- Glue or tape tabs and sections to the different parts.

**REMINDER: CUTTING IS INTENDED FOR GROWN-UPS ONLY!**

## CANOPY AND FUSELAGE:

## LANDING GEAR DIRECTIONS:

## **ENGINE DIRECTIONS:**
