SCREWDRIVER

STANDARD BATTERY PRECAUTION:

- Take special care to ensure batteries are inserted correctly. Observing (+) and (-) marks on battery and product, always follow the battery manufacturer's instructions.
- Removal and replacement of batteries should be carried out by an adult or under adult supervision.
- Avoid short-circuiting the contacts in the battery compartment or the battery terminals. Do not mix old & new batteries. Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
- Remove dead batteries from product. Dispose of dead batteries safely and never dispose of batteries in a fire.
- Remove batteries from product after use if storing for long periods.
- Periodically examine product for signs of damage to electrical parts and do not play with until damage has been properly addressed.
- Replace the battery compartment door and tighten the screw with a screwdriver. Do not over-tighten.
- As with all small batteries, the batteries used with this toy should be kept away from small children who might still put things in their mouths. If a battery is swallowed, consult a physician immediately.
- Non-rechargeable batteries are not to be recharged.
- Adult supervision is required when charging rechargeable batteries.
- Please retain the above information for future reference.

HIT TOY COMPANY DOES NOT RECOMMEND THE USE OF RECHARGEABLE BATTERIES FOR THIS PRODUCT.

CAUTION:

To avoid the risk of entanglement, keep train and vehicle wheels away from children's hair.

Colors and decorations may vary. Before giving toy to child, please dispose of packaging materials properly. This product conforms to the safety requirements of ASTM F963.
